## ESTATE PLANNING ANALYSIS

This *Estate Planning Analysis* is designed to be a tool to help you organize all aspects of your estate and help us prepare your *Estate Plan* documents which will contain all of the following:

### LIVING TRUST

This legal document allows your family estate to be administered quickly and privately, provides prenuptial protection, removes assets from your name, and protects your assets from the cost and time of the probate court system.

#### POUR-OVER WILL

Its purpose is to transfer or "pour-over" any assets outside the *Living Trust* at the time of death so that all assets are distributed according to a common plan.

### POWER OF ATTORNEY

Allows you to name a person to act on your behalf and transfer assets into your *Living Trust*, should you become disabled or are unable to make the transfer yourself.

# DURABLE POWER OF ATTORNEY FOR HEALTH CARE This document states your desires regarding life support and health care decisions

### CERTIFICATE OF TRUST

A notarized *Certificate of Trust* does not disclose financial or estate planning information. This allows you to provide proof of the *Living Trust* to selected individuals or investment sources without having to reveal information you want to keep confidential.

### **IMPORTANT**

Please fill out the information on the following pages. If an item does not pertain to your situation then skip that item and continue with the next applicable item. This information is confidential and will not be disclosed to any person or organization without your prior written approval.
